

# South Bay Trap League

February 2012

## Management's Musings

### Program

- 50 Singles (16 yards)
- 50 Handicap
- 25pr Doubles  
Non-registered  
targets

### Program Fees

- \$45.00— Adults
- \$40.00— JRs
- \$35.00— JRs with no  
doubles

### Trophies & Awards

- Handicap: 4 groups  
(26-27, 24-25, 22-23,  
19-21)
- Doubles: 5 classes  
(AA,A,B,C,D)
- Singles: 5 classes  
(AA,A,B,C,D)
- High Overall
- High Lady & Junior
- High Veteran
- High Sr. Veteran

The 2012 South Bay Trap League season started out with a bang on February 11 at the Los Banos Sportsmen's trap field with 112 shooters participating. Not only that, there were 15 new shooters to whom we extend a hearty welcome.

The tournament went very smoothly with only the regular "first match of the season" lines for shooters to be assigned handicaps and squads. Many shooters might have noticed that **those shooters who are "pre-squaded" picked up their cards and went directly to the cashier without having to stand in line at the handicap desk. There's a not very subtle message here: if you plan on attending most of the SBTL shoots this year (and hopefully well into the future) join a squad and get "pre-squaded."**

Steve and Kerry would like to take this opportunity to thank all the individuals who helped with the organization and running of the Los Banos shoot. Without your contribution of time and knowledge, the SBTL would not be possible.

It is with sadness that we note the passing of long time SBTL and ATA shooter Fred Sanderson from Sunnyvale. Fred was a good friend of many of us and was a very generous, giving person. We will miss his wit and humor and his contribution to all of us through his friendship.

If you have not already done so, please send us your e-mail address. We will use it only for contacting you with non-urgent messages (like this monthly newsletter) and will not **release, divulge, or sell it to spammers foreign or domestic. We don't like spam any more** than you do, but by having your e-mail address we can significantly reduce the costs of running the SBTL. What does this mean? We can continue giving out really great trophies throughout the SBTL season.

As the success of the SBTL continues to grow, reorganizations of members and squads will naturally occur. Starting with our second match at the Metcalf facility, Squad #1 has been filled and a NEW Squad #5 has been created. Consequently, all old squad numbers starting with #5 have been increased by one, which means that all old squad numbers starting with 5 have been shifted up a number, e.g., old Squad #5 is now new Squad #6, old #6 is now the new #7, old #7 is now the new #8, etc.

There have been a number of questions from members of the Eagles about possible team changes. For those of you who are on the current **Eagle's team, please let us know if you** have any questions regarding your team affiliation.

Enjoy the rest of this newsletter. There is a lot of information that I hope each of you will find interesting and enlightening. Furthermore, it should give each SBTL member a better idea of how their league operates.

See everyone on March 10th at Metcalf!!

Kerry and Steve

## March 2012 Handicap Purses

### Perpetual Purse

\$120.00

To win, the participant needs to shoot a 25 straight from any trap. In the event of a tie, the payoff is divided among the total number of 25's that are posted.

This purse is open to all shooters.

### Perfect 50's

\$255.00

To win, the participant needs to shoot 50 straight at Handicap. Seventy-five percent (75%) of the purse, including the fees from that shoot, will be **divided between the Perfect 50's participating at that shoot.**

To play this purse, a shooter is required to have shot at least three (3) previous South Bay Trap League meets between the current and previous years.

## South Bay Trap League

### South Bay Trap League 2012 Schedule

Signup @ 9:00, Start @ 10:00

(\* except @ Sunnyvale where Signup @ 8:00 and Start @ 9:00)

Feb 11 - Los Banos

Mar 10 - Metcalf (SCCFSP)

Apr 14 - Sunnyvale\*

May 5 - **Newman #**

Jun 9 - Sunnyvale\*

Jul 14 - Livermore

Aug 4 - **Metcalf (SCCFSP) #**

Sep 8 - Newman

GRAND Oct 13 - Livermore

(# are the FIRST SATURDAYS of the month)

### Notes from the Shoot Office: Info for New and Old Shooters Alike ...

We are excited to be welcoming a batch of new shooters into the league this year so we want to take a moment to inform them and remind all others about several shoot logistics items.

1) Website - Lots of good information can be found on our website (<http://www.sbtll.org>). This includes the most current Pre-Squad List, Scores from our tournaments, new and old Newsletters and the Rules.

2) The SBTL Rules - The rules can be found on our website. Please take a moment to understand the league that you are shooting. Most, if not all questions about the league can be answered in this document. As always, contact us if you have any further questions.

3) Contacting SBTL - The best way to contact the SBTL is through the "Contact Us" page on the website. Simply pick the correct subject matter inquiry and the system will automatically direct your note to the appropriate person. You should hear back from us in 24-48 hours.

4) Season Long Pre-squads - The SBTL offers the courtesy of Pre-squadding to all members that are planning to shoot for the majority of the season. Pre-squadding allows for quicker registration and the probability that the shooter will shoot with the same squad members for most of the league shoots. With pre-squadding comes a single requirement however: the league assumes that the shooter will be shooting UNLESS THEY INFORM US THAT THEY WILL NOT BE SHOOTING. We provide several different ways to contact us:

a) We send a "Pre-squad Reminder" email out approximately 5 days before each shoot. If the member is shooting, they don't need to do anything. If they are NOT planning to shoot, the member should follow the instructions on the reminder email and let the system know that they are not shooting.

b) The "Contact Us" page on the website is another alternative to the Pre-squad Reminder.

c) For those shooters that do not use email, or if one needs to contact us at the last minute, please use our central contact number: 408-409-6103. This voice mail box will transcribe your message and forward it to the appropriate people.

For the good of the shoot and the other members of your squad, please contact us if you are not shooting.

5) Pre-squadding for the "Next Shoot" - we will happily accept requests for pre-squad for the "Next Shoot" only. If you are not permanently pre-squadded and will be joining us at the "next shoot", please use the "Contact Us" page on the website to request a pre-squad position. We will handle these requests up until noon, the Friday before the shoot. Permanent pre-squadders will take precedence, however if you want to take a spot of someone that has reported as absent, please let us know and we will do what we can to accommodate you. Please note: we cannot accept pre-squad requests for shooters that have not shot with us before and are not in our database.

6) Shoot registration process - The SBTL tries to simplify the process of registration for each shoot by performing as many of the registration tasks for shooters before the shoot as we possibly can. If a shooter is pre-squadded, all they have to do is grab their card, confirm their squad/post and

(Continued from page 2)

check over their current handicaps. Assuming nothing is awry, the shooter can then proceed directly to the cashier. The only time that a shooter is required to speak to the handicapper or squadder is if they have never shot with us before or there is something that looks wrong on their card. Remember save yourself some time: be pre-squadded; grab your card; check it over; proceed to cashier; give your pound of flesh; have fun shooting!

7) Handicapping - The SBTL handicaps very differently than either of the national leagues. Except for the shooter's first handicap when they sign up for the league, all handicapping is preformed by our computer following a specific set of rules. A simple explanation is that the shooter is handicapped based on their running SBTL average constrained by national league yardage and SBTL Declared and Earned Minimums. With South Bay, a shooter does not have to win anything to have their handicap advanced. If the shooter is shooting well, the computer will see this and attempt to equalize that shooter among the other competitors. If the shooter is shooting poorly, the computer will see this and slowly reduce their yardage accordingly.

When scores are posted after each shoot, the shooter's new handicap for the next shoot is displayed. If a shooter thinks that they have been handicapped incorrectly, please contact us via the website before the shoot (this is preferred) or speak to the handicapper at the shoot. The handicapping rules are available in "The Rules" on the website. To calculate your own handicap, please use the "Handicap Worksheet", again found on the website. As always, if something does not make sense, ask us.

8) Declared Minimums - Unlike the national leagues, the SBTL will allow the shooter to shoot as specific yardages, provided that those "Declared Yardages" are equal to or longer than the SBTL calculated yardage and the national league yardages. The rules dictate that the shooter must shoot at his/her longest yardage, however we will do what we can to accommodate a shooter's request to shoot on a specific squad. Remember, "Declared Minimums" last for the entire season. e.g. if a shooter declares a minimum of 22 yards to stay on a squad, that shooter will not be permitted to move below 22 yards for the whole season, even if the SBTL calculated yardage or national league yardages are reduced below that threshold. A shooter may also declare advanced Singles and Doubles Classifications. As with Declared Yardage, the Declared Singles/Doubles Classifications will last the whole season.

9) Earned Minimums - The SBTL Earned Minimum is the least understood part of the SBTL Handicapping System. As simply as possible, an "Earned Minimum" is a notation placed on the shooter's computerized shooting record that indicates the shooter has won, or in the case of an un-shot shootoff, forfeited an event. When a shooter meets this criteria, the computer will automatically advance the shooter's classification or yardage and not permit them to be reduced for a specific length of time.

E.g. a shooter wins the Handicap 22-23 Yard Group standing at the 22 yard-line. During the next handicapping cycle (which happens before each tournament), the computer will see that the shooter won while standing at the 22 yard line. It will automatically advance the shooter to the 23 yard-line and hold them there until that shooter has shot eight (8) additional Handicap events.

Again, as example, a shooter shoots the high score for B Class Doubles. They are called for a shootoff but did not show up. This "forfeit" is noted in the computer and the computer will automatically advance this shooter AS IF THEY HAD WON THE EVENT to "A Class Doubles" and place a counter on the record for eight (8) Doubles events.

*(Continued from page 3)*

10) Shootoffs - Shootoffs for all events will be handled at the end of each tournament by our shootoff staff. The SBTL rules only permit one trophy per shooter per tournament. As addressed below, trophies are awarded hierarchically and as such, shootoffs cannot be determined until the last score is entered into the computer. Please DO NOT BOTHER THE SHOOT OFFICE ASKING IF YOU ARE IN A SHOOTOFF. We cannot tell you for sure until the last score is entered. The end of a shoot is a particularly busy time for the shoot office and answering shoot off questions slows us down for everyone.

If a shooter has one of the top two/three scores in any event, they should stick around to see if they are in a shoot off. The shoot office has an astounding history of using technology to produce the shootoff list within moments of the last score being entered. Please be patient, we will get you shooting and headed home as soon as humanly possible.

SHOOTERS CAN BE PENALIZED IF THEY DO NOT SHOOTOFF. The SBTL rules state if a shooter is called for a shootoff and they chose not to shoot, the shooter's handicap/classification will be advanced as if they had shot off and won. If a shooter shoots off and loses, then they do not get this penalty.

*(Continued from page 4)*

11) Trophies - Trophies are awarded at every tournament and will be available after every shoot is complete. Unlike most ATA/PITA Tournaments, the SBTLE only allows one trophy per shooter per tournament and awards trophies hierarchically as follows: High Overall (HOA), Handicap, Doubles, Singles, and then Category Shooter (VT, SV, LY, JR).

12) The Bank - For those shooters that like to play purses and options, the bank will open at the end of each shoot. It does take a few moments to make the final calculations, however the shoot office does endeavor to get the bank open as soon as possible so that each shooter can collect their money and head home. WE DO NOT SEND OUT CHECKS FOR WINNINGS. If you cannot collect your winnings at the end of the shoot, your funds will be available at the following shoot.

13) Yardage difference on a squad - The SBTLE follows the ATA safety guidelines of 2 yards between shooters and a maximum of 3 yards difference on a squad, where all shooters on that squad are at 21 yards and above. If there are one or more 20 yard or less shooters on a squad, the requirement changes to 1 yard between shooters and a maximum of 2 yards difference on the squad.

14) Post-Shoot Score Posting - Our goal is to have scores posted on our website by Wednesday of the week following the Saturday shoot. We will always do our best to have the results available within this timeframe.

Space does not permit us to cover every little nuance of the league in the newsletter. Please take time to review the rules and let us know if you have any questions.

**Rules review: It is the shooter's responsibility to verify and review their score for each post, and to assure the score sheet is clearly marked by the scorekeeper before it is submitted to the office. Unless a referee is on the field, the scorekeeper has the final say. Scores for a post become final when the shooter shoots their first target at the next post, or (for the last post) when they leave the trap field. SBTL and ATA rules require that corrections be clearly labeled with the word 'DEAD', otherwise they are to be scored as a lost target.**

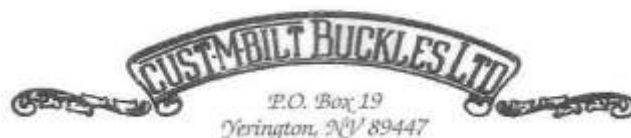

JAMES T. BEASLEY
