

# South Bay Trap League

May 2012

## Management's Musings

### Program

- 50 Singles (16 yards)
- 50 Handicap
- 25pr Doubles  
Non-registered  
targets

### Program Fees

- \$45.00— Adults
- \$40.00— JRs
- \$35.00— JRs with no  
doubles

### Trophies & Awards

- Handicap: 4 groups  
(26-27, 24-25, 22-23,  
19-21)
- Doubles: 5 classes  
(AA,A,B,C,D)
- Singles: 5 classes  
(AA,A,B,C,D)
- High Overall
- High Lady & Junior
- High Veteran
- High Sr. Veteran

How can the South Bay Trap League continue, month after month, to have successful, fun trap shoots? Well, from the perspective of Steve and Kerry, it's the people in the league that make it such a success. The 95 shooters who participated at Newman in early May braved rather windy conditions and cold weather (for this time of year) to make this event a success. We thank each of you for your continued participation in the South Bay Trap League. Also, we'd like to send a special thanks to the entire Newman team including the club's Board members who all worked hard to help make our May shoot such a success.

Our thanks to everyone for cooperating with the "shoot 50" singles format again this month, which really speeded up the overall match. Just to let you know, since this singles format was again so successful, we're planning on continuing with this approach for the rest of the SBTL events this year.

Many participants have answered our requests to "pre-squad" their attendance and for this we thank you. We would like to ask you to help us in one more way: if you are pre-squadded and are not going to be able to attend, please let us know in advance, or even by telephone the morning of the event if it's a "last minute emergency." If we know in advance we can fill in squads where individuals will not be able to attend with other participants so that who whole match moves along smoothly. If people don't let us know, squads end up with people on their score sheets who aren't at the match and the squad has to wait around until someone can figure out what's going on. A little consideration by every shooter will help all the members of the South Bay Trap League.

As the leaders of the league, Steve and Kerry would like to receive any ideas from our league members that you think might improve our league processes, get more members to join the league, or make the shoots more enjoyable. Send us an e-mail or leave us a voice message with your thoughts and we'll consider each and every suggestion. Remember, SBTL is a totally volunteer organization. Nobody gets paid for their hours spent setting up the newsletter, establishing handicap yardages, developing squad positions, preparing the scoring sheets, collecting entrance fees, entering data, posting scores, running shoot-offs, or obtaining and handing out awards. We do all these things because we enjoy trap shooting and we want to make the SBTL experience enjoyable for as many participants as possible. So, send us your ideas on how the league can be improved and we'll implement those ideas that we can.

If you are interested in advertising your business in our digital and hardcopy newsletter, please let Steve, Kerry, or Warren know. We love to have people involved in the sport of trap shooting take the opportunity to potentially increase their business. And it really is quite inexpensive.

If you have not already done so, please send us your e-mail address. We will use it only for contacting you with non-urgent messages (like this monthly newsletter) and will not release, divulge, or sell it to spammers foreign or domestic. We don't like spam any more than you do, but by having your e-mail address we can significantly reduce the costs of running the SBTL so that we can continue to give out really great trophies through the year.

Thanks,  
Steve and Kerry

## June 2012 Handicap Purses

### Perpetual Purse

\$120.00

To win, the participant needs to shoot a 25 straight from any trap. In the event of a tie, the payoff is divided among the total number of 25's that are posted.

This purse is open to all shooters.

### Perfect 50's

\$369.00

To win, the participant needs to shoot 50 straight at Handicap. Seventy-five percent (75%) of the purse, including the fees from that shoot, will be divided between the Perfect 50's participating at that shoot.

To play this purse, a shooter is required to have shot at least three (3) previous South Bay Trap League meets between the current and previous years.

## South Bay Trap League

### South Bay Trap League 2012 Schedule

Signup @ 9:00, Start @ 10:00

(\* except @ Sunnyvale where Signup @ 8:00 and Start @ 9:00)

Feb 11 - Los Banos

Mar 10 - Metcalf (SCCFSP)

Apr 14 - Sunnyvale\*

May 5 - **Newman #**

Jun 9 - Sunnyvale\*

Jul 14 - Livermore

Aug 4 - **Metcalf (SCCFSP) #**

Sep 8 - Newman

GRAND Oct 13 - Livermore

(# are the FIRST SATURDAYS of the month)

## Notes from the Shoot Office: Purse/Option Q & A

### Q: What is a "purse" or "option"?

A: A "purse" or "option" is another exciting way that a trapshooter can enjoy participating in the sport. For most trapshooting tournaments a "purse" or "option" is synonymous. A purse/option is an opportunity to buy into a pot of funds that will be awarded based on the performance of the shooters that have entered that purse. Unless specified, the pot of funds for the given purse is the total amount of funds paid into that purse. Unless specified, entry for a purse/option is not required.

Q: How does a purse/option work?

A: Each purse/option will have set of rules that govern the entry and payout of that purse. Unless specified, entry in a purse is not required and is open to all shooters. Most purse payout rules contain six components:

- . The number of events that the purse is paid over. Unless specified, a purse is only paid for the results of a single event.
- . The number of targets that the purse is paid over. Where it is not explicitly stated, the purse is paid over all the targets in a given event.
- . The amount of the pot that will be paid out. Unless specified the entire pot will be divided among the winners of the entrants.
- . The number of "classes" or "groups" that the purse is paid over.
- . The "method" of the payout. This will generally be indicated as "High Gun" or "Percentage System".
- . The way that "ties" will be handled. Unless specified and for most money related awards, ties are divided and not shot off.
- . Optionally, restrictions on the entry of a given purse need to be stated.

Q: When I shoot at different gun clubs, are purses/options always the same?

A: No. While purses/options are mostly standardized, clubs always have the option to define/redefine them as they choose. If you are not clear on how a purse will work at a given club/event/tournament, always ask the cashier before entering that purse/option.

Q: Are the SBTL purses/options the same at each tournament?

A: Since SBTL is a league, no matter what host club you are shooting at, the SBTL rules will govern the purse/options for our tournaments. If you are shooting at a non-SBTL tournament held by one of the host clubs, the options could be different. Please see the cashier for that club's event and they will help you.

(Continued on page 3)

### 2012 League Management

- League Co-Chairmen:  
Kerry Seifert and Steve Hussey
- Score/Handicap Mgt. Newsletter Website:  
Warren Fay
- Shoot Office:

(Continued from page 2)

Q: What are the SBTL purses/options? How do they work?

A: The SBTL Singles and the Doubles Event purses are defined as 5 classes, paid as 60/40% Percentage System. The "5 classes" part means that all AA shooters are competing against each other and their purse entry fees makes up the pot for those contestants. A's compete against other A's, B's against B's, etc. The "60/40% Percentage System" means that the top two "scores" (irrespective of shooter) will split the pot. As an example, if there are 10 "B" shooters that have entered the purse @ \$2.00 per entry, this creates a total pot of \$20.00. If one "B" shooter shoots a 49 and 2 "B" shooters shoot a 48, then the shooter that shot 49 will get 60% of the "B" pot or \$12.00 and the two shooters that shot 48 will split the remaining \$8.00 or \$4.00 each.

For the Handicap Event the shooter can choose from 5 different purses/options.

- a. The "Lewis Option" is open to all shooters and is the best purse to play even for beginning shooters. A winning score in this option does not have to be high. It just has to be the right score. Once the event has been completed, the scores for all the Lewis entrants are listed in numerical order from the highest to the lowest. They are then divided into as many groups as there are classes. The SBTL uses 5 classes and pays 100% High Gun. This means if there were 60 entries @ \$5.00 per entry and 5

*(Continued on page 4)*

*Please remember to check your handicap at each shoot before you register.*

*Unless you are a new shooter, all handicapping is done through the SBTL automated handicapping system. If the results of the auto-handicapper do not make sense to you, please email or speak to Warren FAY at the tournament for an answer. We are happy to explain or correct the handicapping as is necessary. As a reminder, all handicapping corrections need to be made before the shooter shoots his/her first bird of the event.*

The SBTL wishes to sincerely THANK our advertisers, without whom, it would be so much more difficult to run the league.

Shooters, please remember to frequent our sponsors and show them that you appreciate their support.

(Continued from page 3)

classes, there would be approximately 12 scores in each class\*. The highest score in each class would then be the winner and would earn \$60.00. If more than one person shoots the same score, then they split the \$60.00. \*Please note that the Lewis has very specific rules related to how the classes are split when a score falls in two classes. Please see the shoot office if you would like a more detailed explanation.

**b. The "Blind Draw Option" is open to all shooters. At the end of handicap, the computer automatically pairs shooters into ad hoc teams. The scores are combined to create a team score. The highest team score shares the pot. Where teams are tied, the pot is divided equally among the winners.**

**c. The "Perpetual Purse" and the "25's Option" are open to all shooters. While these purses are different, playing one or both of these purses is kind of like the shooter saying that they think they can shoot at least one 25 in the Handicap event.**

**The "Perpetual Purse" is a fixed pot purse defined by the SBTL. Generally it is \$120.00. Simply put, if a shooter shoots one or more 25's in the Handicap Event, they will share this purse. This purse is not paid based on the number of 25's that are shot by the shooter, just the number of shooters that shoot one or more 25's in Handicap. Ties divide.**

**The "25's Option" is a 50/30/20% Percentage System purse open to all shooters. This means that the shooter does NOT have to shoot a 25 to win this purse. The purse is first split by sub-event (meaning that the first 25 birds are paid separately from the second 25 birds). After this split, the top 3 SCORES (not shooters) are paid based on a 50/30/20% split. Example: For the first half of the 50 bird handicap, no shooters shoot 25, 3 shooters shoot 24, 1 shooter shoots 23, and 2 shooters shoot 22. The 3 shooters that shot 24 will share 50% of HALF the entrant fees (remember the pot is split by sub-event), the shooter that shot 23 will get 30% of half-the-pot and the 2 shooters that shot 22 will split 20% of half-the-pot.**

**d. The "Perfect 50's Purse" is the only SBTL purse that has a restricted entry. To enter this purse, a shooter has to have shot at least 3 SBTL tournaments in the last two SBTL seasons. The "Perfect 50's Purse" is another perpetual-style purse, in that the amount of the pot is guaranteed by the league. In this case, the entrance fees each month for this purse are cumulative until the purse pays out. To maintain a continuing pot, the purse is paid at 75% of the cumulative value of the pot. So if two shooters shoot a 50 in handicap, and the current cumulative value of the purse is \$200.00, the shooters will split \$150.00 (\$200 \* 75%) or \$75.00 each. The remaining \$50.00 will be used to start the pot for the next tournament.**

**Remember, one will win or lose a purse "by just one bird". Please keep this in mind and do not enter any purse or option that you cannot afford to lose.**

Rules review: **It is the shooter's responsibility to verify and review their score for each post, and to assure the score sheet is clearly marked by the scorekeeper before it is submitted to the office. Unless a referee is on the field, the scorekeeper has the final say. Scores for a post become final when the shooter shoots their first target at the next post, or (for the last post) when they leave the trap field. SBTL and ATA rules require that corrections be clearly labeled with the word 'DEAD', otherwise they are to be scored as a lost target.**

**Gun Safety is everyone's business.**

*Always be aware where your barrel is pointed. Please remember, when changing posts or changing traps, your guns should be open with nothing in the chambers.*

*Thanks, SBTL*

Sunnyvale Rod & Gun Club  
11998 Stevens Canyon Road  
Cupertino, CA 95014  
408-873-8255

From either 280 NORTH or SOUTH, take the Foothill Blvd exit SOUTH. At Stevens Creek Blvd, Foothill Blvd becomes Stevens Canyon Road. CONTINUE approximately 2 miles to the club entrance on the RIGHT across from the Stevens Creek Reservoir.
